HOW IT WORKS

Here's an overview look at
our 5-step process.

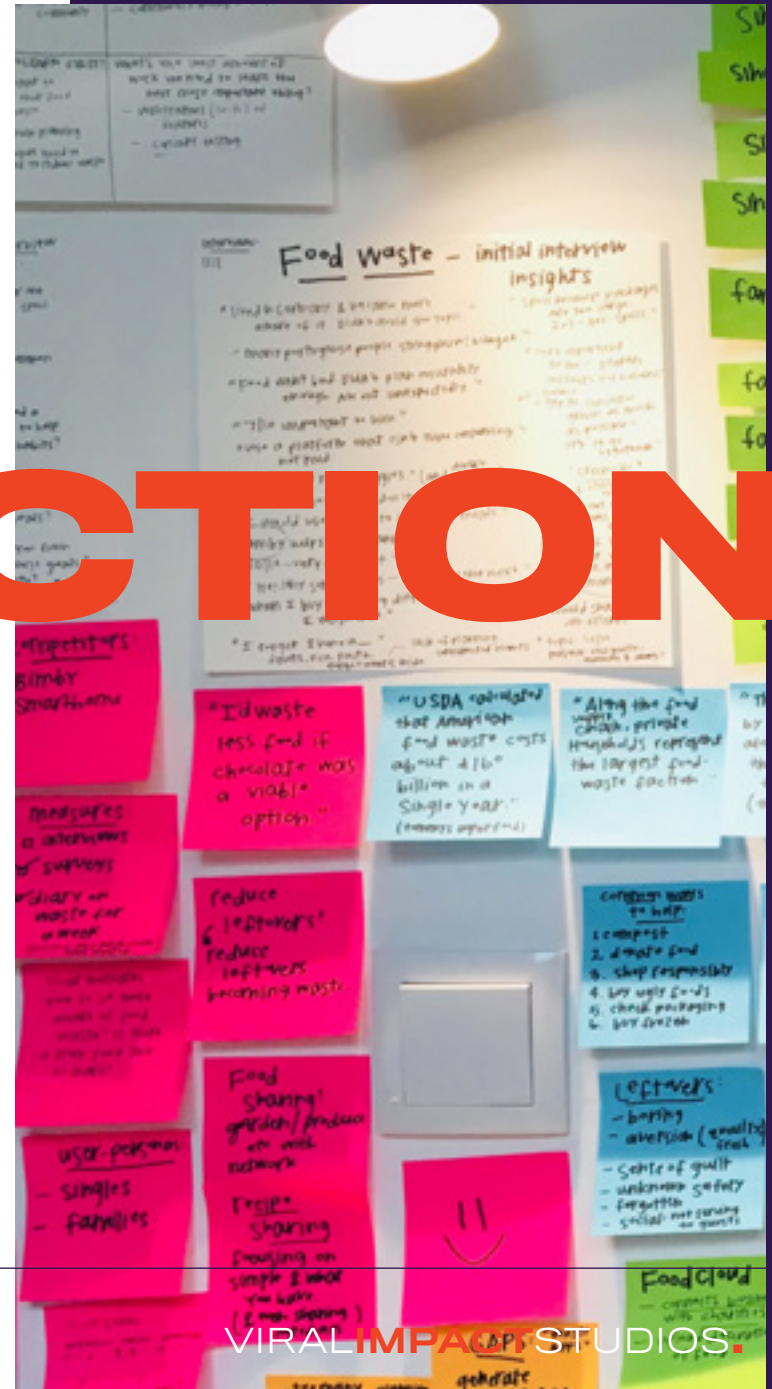

01 IDEATION.

The first phase of the process kickstarts with brainstorming and pulling together a story that will perform and deliver value to your audience.

02 PRE- PRODUCTION.

After ideation, we will move into storyboarding the concept and organizing everything leading up to the shoot.

03 SHOOT.

On shoot day, our team will build the set, manage the shoot, and wrap up when we have shot the absolute best takes to fulfill the storyboard.

04 POST- PRODUCTION.

Once we have the best takes, our team of editors will optimally edit the video to maximize its viewership performance.

05 LAUNCH

Once the video is finalized, we'll launch it out to millions of people on Facebook so we can guarantee your video gets the maximum amount of reach.

READY TO SCALE?

Let's explore how we can work together based on your goals, budget, and **dreams.**
